Login

In case of technical problems please contact the [support team](#)

# Your Uni-ID

## Activation

After receiving your Uni-ID with your student card, the first thing you have to do is activate it online. When activating your Uni-ID, we recommend that you enter a private mail address so that you can reset your password online at any time.

Link for activation [here](#).

## Password & Request for Investigation

The password must not be passed on to third parties under any circumstances, should always be unique and comply with the rules for a secure password.

For security reasons, change your password regularly. If you have forgotten your password, you can recover it if you have a private mail address on file. If you have forgotten your Uni-ID or have not deposited your private mail address, you must submit an investigation request.

More information [here](#).
